Successful litigation requires resources, intellect and strategy. At its highest level, trial advocacy permits no compromise.

At Clark, Perdue & List, we are deeply committed to continuing legal education. As part of our commitment, we are pleased to announce our continuation of the Trial Advocacy Institute.

The Trial Advocacy Institute provides a forum for strategies and cutting-edge litigation techniques in complex litigation. This year, we have selected topics that cover tort law, and topics that address the greatest challenges experienced by trial lawyers.

*Our faculty includes the following:*

- Fellow of the American College of Emergency Medicine
- Member of the American Society of Trial Consultants
- Two Lawyers listed among the Best Lawyers in America
- Two current and former members of the Board of Governors of the American Association for Justice (formerly the Association of Trial Lawyers of America)
- Three Past Presidents of the Ohio, Pennsylvania and West Virginia Associations for Justice (formerly the Ohio, Pennsylvania and West Virginia Trial Lawyer Associations)
- Four Board Members of the Arizona, Ohio, Pennsylvania and West Virginia Associations for Justice (formerly the Arizona, Ohio, Pennsylvania and West Virginia Trial Lawyer Associations)

We hope that you will join us, so that we can all work together to provide the highest level of legal representation to seriously injured consumers and their families.
